Dear Mr. Sherwood:

Enclosed is a slight revision of my original thank you letter to Mr. VanDeventer. I'm sorry that you didn't receive my original thank you letter (My fault, for I sent it to a vague address!) I was delighted with the program and grateful to your station for having broadcast the message of Indiana Gives.

National Philanthropy Day is November 18, 1992. I am working with a task force to encourage public awareness of philanthropy during the month of November. Would you consider rebroadcasting the Indiana Gives program on November 18, anytime the week of the 18th, or anytime the month of November? Museums, cultural performance groups, and Channel 20 - PBS will be spotlighting philanthropy during November. Your participation would be appreciated!

Again, thank you for helping me educate the public about the value of their volunteer time and financial contributions!

Sincerely,

Dear WIIB,

Thank you so much for your feature on the Senior Companion Program that you ran the week of September 28, 1992. Several of the Companions and several other folks associated with our program called to say they had seen the "spot". They all said it was an effective and enjoyable portrayal of our

Dear Mike,

Thank you for taking the time to interview me and videotape activities at the Older Americans Center. Your efforts play an important role in promoting the valuable services the Older Americans Center has to offer the community. We are very fortunate to get free publicity like this because we do not have a budget for paid advertising.

Thanks again Mike (and please thank Vic as well)! Keep up the good work! If there is ever anything we can do for you, please don't hesitate to call me at 334-3293.

Sincerely,

Ben Ackerman

INDIANAPOLIS CENTRAL KUMON CENTER

WIIB Staff,

I would like to thank you and congratulate you on a job well done. I was quite pleased with the coverage you provided for the Central Kumon Center and ... "and you can teach yours too!" I have recieved several calls from viewers. Thank you for providing a service to the black minority community concerning additional educational assistance. National statistics reflect a need for greater academic progress in this group and many others, but it was a responsible decision, to cover the story. Thank you once again.

Sincerely,

Concetta Winters,

To Whom it May Concern,

Recently, channel 63 did a half-hour information program on our boutique here in Bloomington. The presentation included information and products available for those ladies who have experienced a mastectomy or who have gone through other cancer-related problems. Conversation also led to information on mental health, support groups and a general well-being feeling. Channel 63 asked good questions and helped us expand on areas that they felt their viewers should know more about. We appreciated the congenial staff that was sent to us from the station and the opportunity to share what we know.

Thank You.

Kathy Floyd.

## VISITING NURSE SERVICE

December 18, 1992

Vic Vandeventer  
WIIB  
P.O. Box 130  
Trafalgar, IN 46181

Dear Mr. Vandeventer:

Enclosed you will find a check in the amount of \$10.00 for a copy of the Children Cope With Divorce series which you have produced. I appreciate your interest in the Visiting Nurse Service, Inc. Children Cope With Divorce Program and look forward to viewing your presentation. If you have any further questions about the program or would like to learn more about Visiting Nurse Service, Inc. in the future, please don't hesitate to give us a call.

Our organization will be 80 years old in January and has a very interesting "history". We started out in 1913 with a single nurse and a budget of \$723.00 per year. The nurses took care of the poor and sick in the community who were virtually without hope. Now, as you can see by our innovative programs such as "Children Cope With Divorce", we have expanded into a multi-disciplined organization and serve many different counties.

Thanks again.

Sincerely,

Lisa M. Fickel
